NUEVA ESCRITURA DE LAS AMÉRICAS • NEW WRITING FROM THE AMERICAS

## PURCHASE REQUEST: MANDORLA

Dear Collections Development Librarian,

I am writing to recommend that our library purchase the current issue of *Mandorla: New Writing from the Americas / Nueva escritura de las Américas* (ISSN 1550-7432). The magazine can be ordered from Ebsco and is also available at the magazine's website (see <http://www.litline.org/Mandorla/subscribe.html>).

First published in Mexico City in 1991, *Mandorla* emphasizes innovative writing in its original language—most commonly English or Spanish—and high-quality translations of existing material. Visual art and short critical articles complement this work. The name of the magazine—*Mandorla*, describing a space created by two intersecting circles—alludes to the notion of exchange and imaginative dialogue that is an obligation now among the Americas.
